

PACKART
EXIM
PACK WITH PRIDE

Director's Message

We manufacture highly sophisticated and refined pouch packing machine and we serve almost all the types of good manufacturers who need packing assistance. With a wide array of machines that we manufacture & export, we make sure that right from the time machine is bought to its final installation, everything is seamless for our customer. We have comprehensive service & warranty manuals which make us a trusted and well-known brand amongst big industrial establishments. We promise a trusted and long term partnership with our customers giving them a fulfilling experience and installation of cost effective machine.

ISHWAR CHAND
+91-9811461864

We have been into the industry for several years and we have witnessed packing methods take several turns. We have seen everything going to a 360 degree turn in the way packing was seen before. Packing from being a secondary consideration has drawn itself to the main focal point around which the product revolves. People have started giving due weightage to the type of packing material they use. Our packing machines are completely in tune with the latest packing norms and we have with us 25+ machine variants. So, if you are a manufacturer, we have a packing solution ready for you.

HIMANSHU TIWARI
+91-7976678982

Exponentially Growing through cutting throat competition, PACKART EXIM PRIVATE LIMITED constantly endeavors to give its customers a fulfilling experience while they engage themselves in setting up a packaging unit at their place. The semi-automatic and automatic packing machines with us require least amount of labor to functions thereby, making them cost effective and efficient machine types. When we started, we had a lot of research on issues being faced while packing goods. This research made us incorporate all the problem-solving technology that reduces the packing loopholes to minimum giving our clients a seamless buying experience. We hope we keep serving the packing machine industry with the best of technology, expertise and service at all times.

VAIBHAV DWIVEDI

WHERE THERE

IS A WILL TO PACK BETTER,
IS ALWAYS

Packart.

PACKART EXIM is a name of trust that's your packaging partner since ages! It initially laid down its baby steps as M/S Friends Industries in the year 1993 under the brilliant guidance of Mr. Ishwar Chand, Mr. Vaibhav Dwivedi & Mr. Himanshu Tiwari. The manufacturing unit is located in Faridabad, Haryana (India). With an intention to expand beyond markets it is currently serving, the company has rebranded itself under the name 'PACKART EXIM PRIVATE LIMITED'. It is now a manufacturing and export import unit formally set up in the year 2021 but holds an exuberant 28 years of experience & expertise on whereabouts of packing industry. The brainhead behind this every expanding company are three hardworking people who have studied in-depth the intricacies of packaging system that is widely accepted in national & international markets. With clients in India & across the globe, we take pride in announcing a wide range of semi-automatic and automatic pouch packaging machines. Our machines are highly durable, sophisticated & come with extended warranty. Our machines go extreme pressure testing conditions and quality checked before delivery, so as far as reliability is concerned, YOU CAN COUNT ON US & TRUST US with the quality of machine.

Our **MISSION**

To manufacture & sell high grade, pocket-friendly, durable & technically sound packing machinery to clients in national & international market. Not just this, we have an undying mission of incorporating latest upgradations in machines & giving our buyers the appropriate consultancy on installing the packing machine that brings in maximum value to them.

Our **VISION**

We envision to serve national & international packaging requirement and to be listed as the top 10 manufacturers of packing machinery & apparatus across globe.

Who Can buy from us?

- ▶ If you are setting up your own manufacturing and packing unit, maybe you need PACKART'S sophisticated, quality checked & high graded packing machines.
- ▶ If you are running too high on outsourcing packaging requirement, you can set up your own packing unit in house and make use of economies of scale.
- ▶ If your current machinery has gone obsolete and are not matching the latest packing norms, you can replace it with PACKART'S semi-automatic & automatic pouch packaging machine.
- ▶ If your cost of in-house packaging is far too exceeding the estimated cost of production, you will be happy to know that at Packart, we use highly polished technology that consumes less power and packs in more quantity than any other packing apparatus.

Our Clients

Name is Fame

We have delivered our packing machines to clients who are market leaders in their specific area. Here are a few to mention.

AUTOMATIC COLLAR TYPE CUP FILLER MACHINE WITH PLC

Applications

Highly Suitable For :- Rice, Pulses, Frymes, Kurkure, Bio-Fertilizer, Namkeen, Tea, Detergent Powder, Salt, Sugar, Puff And Other Similar Products.

Technical Specifications

| | | |
|---------------------------|---|---------------|
| Sealing Types | Central seal with constant heat | |
| Central Fin Seal | 10mm. to 12mm. | |
| Packing Size | (Length) | 100 to 300 mm |
| | (Film Width) | 220 to 500 mm |
| Packing Speed | 15 to 60 pouches/ Minutes | |
| Packing Range | 5 - 20 (gm), 20 - 50 (gm), 50 - 500 (gm), 100gm - 1kg, 500gm - 2kg 2.5kg, 5 - 10 (kg) | |
| Types Of Filler | Cup Filler, Auger Filler, or Weigh Filler | |
| Packing Material | Any heat sealable laminated films. | |
| Power Consumption | 4 KVA, AC, single phase/three phase. | |
| Compressed Air Req | 8 CFM @6kg/cm ² | |
| Dimension / Wt. | L: 2100, W: 1000, H : 2200 (mm)/500 kgs | |

PE-CAF 102

AUTOMATIC COLLAR TYPE AUGER FILLER WITH SERVO BASED MACHINE

Applications

Highly Suitable For :- Spices Powder, Mehendi Powder, Besan, Maida, Detergent Powder, Pesticides Powder, And Other Similar Product.

Technical Specifications

| | | |
|--------------------|--|---------------|
| Sealing Types | Central seal with constant heat | |
| Central Fin Seal | 10mm. to 12mm. | |
| Packing Size | (Length) | 100 to 300 mm |
| | (Film Width) | 220 to 500 mm |
| Packing Speed | 15 to 90 pouches/ Minutes | |
| Packing Range | 10gms to 1kg, 1kg to 2kg, 5kg to 10kg | |
| Types Of Filler | Auger Filler | |
| Packing Material | Any heat sealable laminated films. | |
| Power Consumption | 4 KVA, AC, three phase / single phase | |
| Compressed Air Req | 6 CFM @4kg/cm ² | |
| Dimension / Wt. | L : 2100, W : 700, H : 1690 (mm)/600 kgs | |

AUTOMATIC COLLAR TYPE WEIGH FILLER MACHINE

Applications

Highly Suitable For:- Kurkure & Potato Chips, Dry-Fruits, Chiwada, Namkeen, Dry fruits, Pulses, Grains, Tea, Sugar, Seeds, Soya, Etc.

Technical Specifications

| | |
|--------------------------|---|
| Type of Filler | Weigh Filler |
| Control | PLC Controlled |
| Mode of Operation | Pneumatic |
| Filling Speed | 1000 to 4000 pouches/ Hr (depending upon the size) |
| Filling Capacity (Range) | 5 gms. to 10 kgs |
| Packing Material | Any heat sealable laminated films. |
| Power Requirement | 220V single Phase Or 420V 3 Phase |
| Compressed Air Req | 6 CFM @4kg/cm ² |
| Variety of Models | 5-100(g), 20-250(g), 50-500(g), 200-1000(g), 1-5(kg), 2-10(kg) |
| Dimension | L : 1200, W : 1000, H 2550(mm) |

PE-MHCW 104

MULTI HEAD COMBINATION WEIGHER

Applications

Highly Suitable For :- Kurkure & Potato Chips, Farsan, Chiwda, Namkeen, Dry Fruits, Pulses, Grains, Tea, Sugar, Seeds, Frozen Cut Vegetable, Etc.

Technical Specifications

| | | |
|--------------------------|--|--------------|
| Control | PLC controlled | |
| Mode of Operation | Pneumatic | |
| Filling Speed | 1000 to 4000 Pouches/hr (depending upon the size) | |
| Filling Capacity (Range) | 10g to 1kg | |
| Packing Material | Any heat sealable laminated films | |
| Power Consumption | 420V AC three Phase. 50Hz | |
| Compressed Air Req | 6 CFM @4kg/cm ² | |
| Reel Core Diameter | 70mm to 76mm, Max Weight 50g | 40 to 300 mm |
| | 200g - 1kg, 1kg - 5kg, 2kg - 10kg | 60 to 400 mm |
| Dimension | W-1800, B-1800, M-3350(mm) | |

HORIZONTAL FLOW WRAP MACHINE

Applications

Highly Suitable For :- Biscuits, Chocolate, Soaps, Ball Bearings, Syringes, Toys And Any Other Rounded, Square Shape Of Solid Products.

Technical Specifications

| | |
|--------------------|--|
| Sealing Types | Pillow type continues. |
| Packing Speed | 40 – 200 packets per minute (depending upon the size) |
| Packing Size | W : 90 – 450(mm), H : 10 – 100(mm), L : 100–350(mm) |
| Packing Material | Any heat sealable laminated films |
| Motor | 1HP 220VAC, single phase |
| Header Load | (200Watts x 2No). (200Watts x 2No) |
| Power Load | 3kw., AC, three phase /single phase |
| Dimension | L : 3560. W : 1350, H : 1730 (mm) |
| Net Wt. Of Machine | 600 Kgs (Approx) |

PE-CPP 106

CANDY PILLOW PACK MACHINE

Applications

Highly Suitable For:- Sweet Candy, Chewing-Gum, Chocolate, Sugar Cubes, Ayurvedic, Candy, Etc.

Technical Specifications

| | |
|--------------------|--|
| Sealing Types | Central sealing |
| Packing Speed | 300 to 600 pouches per minute (depending upon the packaging object) |
| Wrapping Range | L : 22-36, W : 13-18, T : 6-16(mm) |
| Wrapping Material | Any heat sealable laminated films. paper |
| Motor | 1HP 220V AC, single Phase |
| Header Load | 110V, (100W x 8No.), 230V, (173W x 2No.) |
| Power Load | 3Kw, AC, three phase / single phase |
| Dimensions | L : 1800, W : 1000, H : 1360(mm) |
| Net Wt. Of Machine | 600 Kgs (Approx) |

AUTOMATIC PNEUMATIC AUGER FILLER

Applications

Highly Suitable For :- Spices Powder, Mehendi Powder, Glucose Powder, Besan, Meda, Ors Powder Etc.

Technical Specifications

| | | |
|---------------------------|---|--------------|
| Sealing Types | 3 Side Seal / 4 Side Seal / Center Sealing | |
| Packing Size | (Length) | 40 to 300 mm |
| | (Film Width) | 50 to 400 mm |
| Packing Speed | 15 to 60 pouches / Minutes (Depending upon the Size) | |
| Packing Range | 10 - 50 gm, 50 - 500 gm, 100 gm - 1kg | |
| Packing Material | Any heat sealable laminated films. | |
| Power Consumption | 3 kw three phase / single phase. | |
| Compressed Air Req | 6 CFM @4kg/cm ² | |
| Dimension / Wt. | L:1000, W: 1000, H:2300 (mm) / 600 kgs. | |

PE-LFS 108

AUTOMATIC PNEUMATIC LIQUID FILL AND SEAL MACHINE

Applications

Highly Suitable For :- Liquids, Paste, Tomato Ketchup, Wine, Shampoo, Jam, Soya Milk, Pharmaceutical Liquids, Liquid fertilizers, Mouthwash, Mayonnaise, Sanitizers etc.

Technical Specifications

| | | |
|--------------------------|---|--------------|
| Sealing Types | 3 Side Seal / 4 Side Seal / Center Sealing | |
| Packing Size | (Length) | 40 to 200 mm |
| | (Film Width) | 60 to 350 mm |
| Packing Speed | 40 to 90 pouches / Minutes (Depending upon the Size) | |
| Packing Range | 5 - 20, 20-50, 50 - 100, 100 - 250 (ml) | |
| Packing Material | Any heat sealable laminated films. | |
| Motors | 1/2 HP., 220V AC, Single Phase | |
| Power Consumption | 2 kw Maximum | |
| Dimension / Wt. | L:750, W: 550, H: 1800 (mm) / 400 kgs. approx. | |

AUTOMATIC PNEUMATIC MACHINE

Applications

Highly Suitable For :- Various Namkeen, Kurkure, Snacks, Tea, Pulses, Detergent, Salt, Sugar, Spices Etc.

Technical Specifications

| | | |
|---------------------------|---|--------------|
| Sealing Types | 3 Side Seal / 4 Side Seal / Center Sealing | |
| Packing Size | (Length) | 40 to 300 mm |
| | (Film Width) | 50 to 400 mm |
| Packing Speed | 15 to 60 pouches / Minutes (Depending upon the Size) | |
| Packing Range | 10 to 500 gms | |
| Packing Material | Any heat sealable laminated films. | |
| Power Consumption | 3 kw three phase / single phase. | |
| Compressed Air Req | 6 CFM @4kg/cm ² | |
| Dimension / Wt. | L:1000, W: 1000, H:2300 (mm) / 600 kgs. | |

PE-FFS 110

AUTOMATIC FORM-FILL & SEAL MACHINE

Applications

Highly Suitable For :- Turmeric Powder, Spices, Chillies Powder, Mehandi Powder, Glucose Powder, Ors Powder, Baby Foods, Kurkure, Namkeen, Granules, Tea, Coffee, Dhana Dal, Tablets, (Pharmaceuticals), Etc.

Technical Specifications

| | | |
|--------------------------|---|--------------|
| Sealing Types | 3 Side Seal / 4 Side Seal / Center Sealing | |
| Packing Size | (Length) | 40 to 300 mm |
| | (Film Width) | 60 to 400 mm |
| Packing Speed | 15 to 60 pouches / Minutes (Depending upon the Size) | |
| Packing Range | 5-20, 20-50, 50 - 100, 100-250, 250 - 500 gms | |
| Packing Material | Any heat sealable laminated films. | |
| Motors | 1/2 HP., 220V AC, 50Hz, Single Phase | |
| Power Consumption | 2 kw Single Phase | |
| Dimension / Wt. | L:800, W: 610, H: 1900 (mm) / 400 kgs. | |

AUTOMATIC RUSK PACKING MACHINE

Applications

Highly Suitable For:- Rusk Packing Machine That Is Highly Acclaimed For The Unbeatable Features It Possesses. The Machine Is Available For Packing Rusk In 1,2 And 3 Lines.

Technical Specifications

| | |
|--------------------------|---|
| Feeding Style | Auto Feeder |
| Sealing Style | Pillow Type Continues |
| Packing material | Any head sealable laminated films |
| Packing Speed | 20 – 35 Packets/minutes. |
| Power Consumption | 25 Kw, with AC Drive, Single Phase |
| Maximum Film | L: 150 to 350 (mm), W:180 to 550 (mm), H :50 to 120 (mm). |
| Motor | 11-1P., 220V AC, 50Hz, Single Phase |
| Dimension/ wt. | L :3750, W: 1500. H 1000 (mm)/950 kgs (Approx). |

PE-LC 112

LINED CARTON MACHINE

Applications

Highly Suitable For :-Detergent , Coffee, Tea, Spices, Glucose Powder, And Other Dry Products.

Technical Specifications

| | |
|--------------------------|--|
| Stations | 22 Stations |
| Packing Speed | 48 – 50 carton/minutes (depends upon product and pack size) |
| Packing Range | 15 gms -1000 gms (depends on product density) |
| Types Of Filler | Servo filler. cup filler. multi head weigher as per customer requiremet |
| Packing Material | Duplex carton with heat sealable liner attached inside |
| Power Consumption | 8 Kw (depending upon equipment configuration) |
| Motor | 3 HP.415V. three phase 1440 RPM |
| Dimension / Wt. | L: 4267.W: 2133.H: 2438 (mm) / 2000 kgs |
| Carton Size | L : 60 w 200 (mm), W:22 to 108 (mm). L+W: 94 to 285 (mm) H : 83 to 250 (mm) |

MULTI TRACK MACHINE

Applications

Highly Suitable For:- Pan Masala, Tabaccu, Lal Jeera, Coffee Powder, Detergent, Spices, And Any Type of Liquid And paste Products.

Technical Specifications

| | |
|--------------------|---|
| Sealing Types | Four Side Seal |
| Packing Speed | 60 Strokes/Min (depending upon pouch width & product density) |
| Packing Range | 2 gm to 200 gm |
| Types Of Filler | Auger filler/Cup filler |
| No. Of Tracks | 42/8 (depends upon pouch width) |
| Roll Diameter | 400 to 800 (mm) |
| Contact Parts | food grade stainless steel 304/306 |
| Power Consumption | 6 Kw apporx. |
| Electricity Supply | 440V three phase 50Hz. |
| Dimension / Wt. | L :400,W : 600, H : 2760 (mm) / 1400 kgs. |

PE-CPS 114

AUTOMATIC CUTTING PORTIONING AND SHAPING MACHINE

Applications

Highly Suitable For :- Rasgulla, Chamcham, Peda,
Rasmalai Any Other Type Of Dough Cutting & Shaping

Technical Specifications

| | |
|-----------------------|--|
| Machine Body Material | SS304 |
| Automation Grade | Automatic (depending upon the size) |
| Power Consumption | 1 Kw |
| Speed | 120 balls/ minute |
| Ball Weight | 2 gm to 50gm |
| Design Type | Customized |
| Motor | 1 Kw |
| Dimension | L:2600, W: 800, H: 1000 (mm) |
| Electricity Supply | 220V, 50Hz, single phase |
